

INTRODUCTION TO TRAUMA AND RESILIENCE

September 29, 2021 | 10:00am -12:00pm

REGISTER HERE!

This free two-hour virtual training facilitated by Denise Purgold, LCSW, Adoption Supervisor with UMFS, is open to all members of the community interested in a foundational learning experience around the topics of trauma and resilience. We will define trauma, review the findings of the Adverse Childhood Experiences (ACEs) Study, and explore the impact of trauma on the brain and behavior.

Then we will share strategies and interventions specific to responding to individuals with trauma and discuss the science of building resilience.
