

The Hampton Roads Trauma Informed Community Network Presents:

Focus on HOPE: Youth as Inspiration

Thursday, May 2, 5 -6:15 p.m.

Chrysler Museum of Art, Auditorium
1 Memorial Place, Norfolk, VA 23510

Join area teens, youth leaders, educators, and HRTICN members to celebrate Virginia's statewide resilience initiative and learn about an evidence-based framework for promoting HOPE (Healthy Outcomes from Positive Experiences). Hear from youth regarding their own experiences with trials and triumphs in navigating our uncertain world. The event will include a brief overview of the HOPE template developed by the HOPE National Resource Center, a viewing of photos and videos taken by teens, spoken word poetry, and interactive activities. Join the conversation and learn how together we can promote hope and support the positive contributions that youth make in our communities and schools.

This powerful story is told from the perspective of a single performer. An immersive storytelling experience performed in the round that blends comedy, improv, and audience interaction to tell the story of someone growing up in the shadow of their mother's struggle with suicidal depression while learning to grapple with their own journey. Every Brilliant Thing provides a life-affirming jolt of humanism, reminding us that hope comes from the miracles of life's minutiae.

Registration for this event is recommended for 13+ years-old and is separate from the youth-led event.
